Initial **I understand and agree that:**

- _____ I shall abide by the counseling code of ethics as set forth by the American Counseling Association (and ASCA and AMHCA as appropriate) at all times. Failure to do so may result in forced withdrawal from the program.
- _____ I will follow this planned program and have changes authorized by my advisor. This program may be adjusted to meet new state/other requirements for certification/licensure.
- _____ I understand that to graduate, I must pass the comprehensive counseling exit examination.
- _____ I am expected to make use of various technologies such as working with the World Wide Web, electronic mail, and various on-line full text databases. You will receive training using various technology applications although you are responsible for learning needed technology applications. FGCU offers a great deal of technology support (see <http://www.fgcu.edu/support/>).
